8100 PROCEDURE 900
CAL FIRE Operation Security Levels
(February 2010)

(See Policy 8191- Security Operation Levels)
(See 8100 Exhibit – Security Operations Levels)

No cost shall be coded to the Emergency Fund. (See Policy 3821.1 – Purpose of the Emergency Fund and Policy 3820.3 – Special PCA Required)

Elevation of Operation Security Level

Any CC

1. Receive information of a specific or non-specific threat and/or potential disaster.

2. Seek approval to elevate the security level through the Duty Chief Chain of Command.

3. Record information into the system of record.

4. Implement new Operation Security Level and requirements as needed.

5. Notify the affected Administrative Units and/or facilities of the current Operation Security Level and requirements as appropriate.

6. Re-evaluate Operation Security Level with Duty Chief at least every 72 hours.

7. Notify Headquarters Budget and Accounting Office for a special PCA if necessary.

Cancellation or Modification of Elevated Operation Security Level

Any CC

1. Record approved security level changes in the system of record.

2. Repeat steps # 3 thru # 6 above as appropriate.
